Other	

Note: Grain sales may be reported to you by the elevator on 1099-PATR. Please bring these in – the IRS matches.

Please breakdown your income as stated above. There is now a deduction for domestic production (code Section 199) if your farm pays wages. The deduction is based on items produced less the expenses to produce them. * **Bring in 1099-PATR -- deductions and credits may be passed through to you on it.**

Did you defer **Disaster** income, **Crop Insurance Proceeds** or **Forced Sales due to Disaster** in **Prior** tax year?Yes _____ No _____

** Bring in details of all **Commodity Credit Loans** and transactions so that we can determine if:

- during this tax year you had any CCC loans forfeited and if they were under election.
- you reported as income all grain deliveries which were applied directly to a CCC loan.
- gain/loss or cost of grain redeemed.

Have you ever made an election to report CCC loans as income in the year received?Yes _____ No _____

How many hours did you and/or your spouse devote to this operation during the year? Full Time or _____ # of hours
You need to be able to prove that you spend over 500 hours per year on your farming activity in order to deduct a loss. Keep a record of your time if you are a part-time farmer.

Are any portion of your expenses in this business not subject to payback by you?Yes _____ No _____

Have any of your debts been cancelled or forgiven? (Bring in Form 1099-C or 1099-A if you received one.)Yes _____ No _____

Did you receive \$10,000 in actual cash (currency/coin) from any individual at any one time or in accumulated amounts during this tax year?Yes _____ No _____

NON-FARM INCOME (Wages, interest, etc.): Please fill out Tax Deduction Finder.

— Include all items purchased for over \$500 that are expected to last for more than one year. —

— Check last year’s Depreciation Schedules to see if all items are current. —

CAR and TRUCK EXPENSES: Bring in purchase/sales agreement(s) for year(s) of purchase/sale					
If you take expense on mileage basis, complete lines 1 through 9	VEHICLE 1	VEHICLE 2	VEHICLE 3	VEHICLE 4	VEHICLE 5
1. Year and Make of Vehicle					
2. Date Purchased (Month & Date)					
3. Ending Odometer Reading (Dec. 31)					
4. Beginning Odo. Reading (Jan. 1)					
5. Total Miles Driven (Line 3 less Line 4)					
6. Total Farm Miles in Line 5					
7. Parking and Tolls					
8. Interest					
9. Licenses and Taxes (Not Sales Tax)					
Continue below if you take actual expenses. (Must use actual expense if MACRS depreciation has been taken).					
10. Gasoline, Oil, Lube					
11. Repairs, Wash, Wax, Anti-freeze					
12. Tires, Batteries, Supplies, etc.					
13. Insurance					
14. Lease Payments					
15. Fair Market Value at Time of Lease					

ONE or more vehicle(s) used during most of a normal business day directly in connection with the business of farming may be treated as 75% business without keeping a log book. The election is made the first year the vehicle is placed in service. Farm mileage for any other vehicles, and for vehicles used more than 75%, must be documented.

SUVs & Pickups: List gross vehicle weight from door label in year of purchase _____.

Grain trucks and semi trucks over 55,000 lbs gross weight: You must file form 2290 and pay highway use tax.

Note: The standard mileage rate may be used for leased vehicles, but cannot be switched back to actual if a leased vehicle.

QUESTIONS: _____

FARM EXPENSES

CHEMICALS

Deductions from gross elevator sales on 1099-PATR			

1099 INFORMATION

- Amounts of \$600 or more paid to individuals (not corporations) for rent, interest or services rendered in the course of your business require 1099 Information Statements.
- Failure to file 1099 Information Statements with the IRS and recipient by January 31 can cause penalties to be assigned.
- You are required to withhold tax on the payment if recipient does not furnish you with their identification number. (For new recipients, use form W-9 to obtain their SSN before you pay them.)
- You are liable for the Federal 28% tax if you were required to withhold it and did not withhold it.

NAME	ADDRESS	IDENTIFICATION #	AMOUNT	PURPOSE OF PAYMENT

FARM MANAGEMENT: YEAR END TAX PLANNING

1. Goal: Maintain Income at Targeted Level from Year to Year

- Wide fluctuations can prevent you from taking advantage of personal exemptions and deductions in years of low income.
- Level amounts of income will maximize Social Security benefits at retirement and for Social Security Disability benefits.
- Income averaging is available for farmers. New clients -- bring in 3 previous tax returns.

2. Prepare for Year End

- Bring current year's books up to date.
 - list income items already received.
 - record expenses paid.
 - check last year's farm expense worksheet so you don't forget any items.
- Depreciation
 - look at last year's depreciation to see if items are current.
 - list purchases on Page 2 to see what is available for first-year expensing.
 - over \$500 and expected to last more than one year.

3. See Your Tax Advisor Before Year End to Analyze Your Tax Situation

- Discuss tax consequences of casualty losses, debt forgiveness, and refinancing.
- Decide if you need to increase or decrease net income.
- Investigate Earned Income Credit, Retirement Savings Credit, Health Savings Account, IRAs, and other retirement plans.

4. Increase Net Income

- Sell crops, cull animals, report CCC loans as income, redeem savings bonds, convert IRAs.
- Delay paying expenses until January 2nd; make arrangements with creditors.
- Capitalize breeding fees, repairs, chemicals and cost sharing programs.

5. Decrease Net Income

- Delay sales of crops and animals when you can.
- Sell on a deferred payment contract; must be signed and dated:
 - delivering product or crop to the elevator locks in market price.
 - you cannot have access to the money this year.
- Take out a CCC loan on stored crops. This allows you to have spendable (but not taxable) cash to use to prepay expenses, if you elect, or have previously elected, to exclude the loan as income for the current year.
- Pay up all existing bills at yearend.
- Consider a separate entity (corporation) for farm operation. Use lease agreements.

- Prepay next year's operating expenses such as feed, fertilizer, chemicals, and seed. There are limitations on prepaid expenses you should discuss with your tax advisor. However, if you have a good economic purpose, the prepayment rules do not apply. Good economic purpose includes assuring a feed supply and fixing the price to avoid a price increase.
- Major equipment purchases: you can choose to expense up to a certain amount of current year purchases.
- You may be eligible for the health insurance credit on form 8941 based on employee health care coverage if it is an online plan.
- Fill up the gas tanks and pay the bill.
- Pay children under 18 a cash wage. It has to be reasonable for the work performed. A dependent child can earn up to \$6,200 in wages and pay no tax on them. **File W-2s, 943s, etc.** Keep payroll records of hours worked and duties and pay regularly.
- Cash method farmers may elect to include crop insurance and disaster payments in the tax year following the crop loss if sale of the crop would normally have been made in the later year.

6. Wages Paid to Spouses

- Be sure the taxpayer and spouse have a bona fide employer-employee relationship and farm services are actually rendered. Compensation should be reflective of services performed and paid regularly.
- Wages are subject to FICA tax and **W-2s, 943s, etc.** must be filed.
- A carefully constructed employer-employee relationship will enable deductible Sec. 105 and 106 health plans to be formed. They must be maintained throughout the year. Consult your tax advisor.

7. Wages Paid In Kind (Commodity Wages)

In general, commodity wages paid to agricultural labor are not subject to FICA and FUTA as long as the payment is not paid in a form that is readily converted to cash. Be careful in this area. **File W-2, 943, and state quarterlies.** Consult your tax advisor.

8. Gifts Paid In Kind (Commodity Gifts)

Gifting commodities to your children or to a charity will eliminate the commodity from your income and self-employment tax. The commodity needs to be a crop or animal raised in the prior year. If the gift is over \$14,000, a gift tax return will need to be filed. Gifting of a commodity to a charity is an excellent tax planning tool if you do not itemize your deductions. Consult your tax advisor.

9. Rent Paid to Spouse as Lessor

Rent paid by one spouse to the other is generally deductible if there is a true landlord-tenant relationship. **CAUTION:** Treatment must be consistent and carefully constructed. Any participation in farm activity by spouse makes rent subject to SE Tax. Consult your tax advisor.

ALWAYS HAVE AN ECONOMIC REASON FOR PURCHASES—TAX DEDUCTIONS SAVE ONLY A PERCENTAGE OF THE AMOUNT SPENT.
